NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 1984

1. SIGNIFICANT ACCOUNTING POLICIES:

Revenues and expenses are reflected on an accrual basis.

Merchandise inventory is valued at its latest landed cost. Customs and excise taxes are not included in the value of inventory where payment is due upon shipment from the bonded warehouse.

Expenditures for buildings, leasehold improvements, furniture, fixtures and equipment are capitalized and are subject to depreciation on a straight line basis as follows:

Buildings—7½% per annum.

Leasehold improvements—a minimum of 10% per annum or a rate sufficient to write off the cost over the remaining life of the respective lease.

Furniture, fixtures and equipment—25% per annum.

4. SALES:

Included in sales are non-alcoholic items amounting to \$810,932 (1983—\$910,111).

Sales made directly to Licensed Establishments by authorized Brewers' agents on behalf of the Liquor Distribution Branch totalling \$152,979,465 (1983—\$148,765,746) are not included in the sales reported by the Branch. The Provincial Malt Levy reported on the Income Statement represents the margin on these sales.

Sales made directly to the Public by authorized Commercial Winery Agency Stores of \$2,139,666 (1983—\$1,113,727) are not included in the sales reported by the Branch.

5. COMMITMENTS AND CONTINGENCIES:

Employees of the Branch contribute to the Public Service Superannuation Fund 7% of their salaries for basic pension purposes, which includes a portion for cost-of-living indexed increases in pension benefits. The contributions shown in the Schedule include in addition to matching employee contributions, an additional 2.5% of gross payroll for 1984 whereas in 1983 the Branch paid supplementary assessments (\$2,293,987) to fund any deficiency in pensions for employees who retired during the year.

An actuarial evaluation of the Public Service Superannuation Fund was made at March 31, 1980. Details of the unfunded liability are described in the Public Accounts of British Columbia. The portion of the unfunded liability attributable to the Liquor Distribution Branch was not determined by the actuary.

The Branch maintains inventory in its bonded warehouse for which Federal Taxes have neither been paid nor recorded. As at March 31, 1984, the future liability for these taxes approximates \$6,000,000.

In 1979, a procedure to warehouse imported stocks by Suppliers' Agents was implemented. Under this new concept, the Branch has a contractual obligation to purchase all inventories held by the agent should he opt out of the program. The obligation of the Branch should all agents choose to terminate their contracts, totals approximately \$19,200,000 for agents and \$10,600,000 for federal taxes as at March 31, 1984.

Total commitments to March 31, 1984 for lease of premises amount to \$36,050,000. Of this, \$5,955,000 becomes payable during the year ending March 31, 1985.

6. Certain comparative figures for the previous year have been reclassified to conform with the March 31, 1984 financial statement presentation.
